Desso flooring products are to be installed in full accordance with Desso's installation instructions and recognised trade standards. An effective, regular cleaning and maintenance programme is vital for retaining a high appearance level. Desso flooring products should only be used as floorcoverings. Note: Desso reserves the right to amend this specification without giving prior notice. Product specifications are based on averages resulting from normal manufacturing tolerances in fiber, yarn, backings, laminates, and may vary within normal industry tolerances. Performance and warranty is not affected by such variances. Slight color variances may occur from one dyelot to another. For the latest versions of the technical specifications, visit www.desso.com
